

Forecast For West Midlands
Issued by Met Office Exeter
at 1600 on Thursday 24 Jun 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Cloudy with a band of rain approaching overnight.

This Evening and Tonight:
Often cloudy this evening with a few lingering sharp showers. Overnight, cloud will thicken as a band of rain, heavy at times, sweeps across the region. Turning drier with a few clear spells by dawn. Minimum temperature 10 deg C (50 deg F).

Friday:
After a largely cloudy start, cloud will gradually break in the afternoon to leave a mixture of sunny spells and showers. These could be heavy and locally thundery at times. Maximum temperature 19 deg C (66 deg F).

Outlook for Saturday to Monday:
A cloudy and damp start on Saturday turning to sunshine and showers later. Drier on Sunday and Monday though with outbreaks of rain likely in the south.
